## Impact Aid Program Survey Form

2020-2021

Dear Parents/Guardians:

OTHS is fortunate to have a significant military-connected population. The federal government wants to make sure schools with military-connected populations are able to provide enriched academic offerings and comprehensive services. As a result, there is special funding, Impact Aid (Federal Funds under Public Law 81-874), for schools with military-connected students. To be eligible, this brief form must be completed for EVERY student regardless of military-connected status. We thank you for your time and support.

Darcy G. Benway, Superintendent
